I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I
OBJECT to the definition of "inordinate amount" which restricts the availability and
the right to obtain necessary compounded medications by limiting the number of
prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

Comments: It is not possible for me or my
friends to obtain specially compounded
preparations like our biestrogen, which is
much safer for those of us with a family
history of breast cancer. Please do not
deny us a symptom-free menopause!! We
cannot obtain these compounds locally.
